presentation

Teamwork: experienced in agile team projects

Reliability: deadline-driven, detail-oriented

Adaptability: quick learner across stacks

LANGUAGES

English (Fluent)

PROFESSIONAL SUMMARY

Founder of Pulse Digital Solutions UG and Software Engineering student at Makerere University with hands-on experience in web and mobile development, artificial intelligence, and enterprise IT systems. Former IT Intern at Equity Bank Uganda, where I supported digital banking infrastructure — giving me direct exposure to Uganda's financial sector. Focused on building secure, scalable, user-centred solutions with a results-driven, agile mindset.

CORE COMPETENCIES

- Web Development (Laravel, PHP, MySQL)
- Artificial Intelligence & Machine Learning
- UI/UX & Responsive Design
- Mobile Development (Android, Kotlin, Firebase)
- Database Design & REST APIs
- Agile Team Development & Communication

PROJECT EXPERIENCE

CampusNest – Online Hostel Allocation System 2026

Mobile App • Team Project • Android Studio, Firebase, Kotlin

- Built login, authentication, and onboarding flows for student users.
- Implemented search and filtering by location, price, and room type.
- Integrated Firebase database and UI development following MVVM architecture.

Vehicle Hire Management System 2026

Web App • Team Project • PHP, Laravel, MySQL, XAMPP

- Developed customer booking logic with validation to prevent double bookings.
- Implemented booking models and database migrations in Laravel.
- Managed booking workflows (pending → confirmed → completed).

WORK EXPERIENCE

Founder & Lead Developer – Pulse Digital Solutions UG 2026

Kampala, Uganda

- Lead a digital solutions company delivering web, mobile, and AI-driven products for businesses and individuals.
- Manage projects end-to-end — requirements, build, and deployment — using Laravel, Android, and Python.
- Provide AI integration, website management, UI/UX, and IT support for corporate and SME clients.

IT Intern – Equity Bank Uganda (IT Department) 2025

Kampala, Uganda

- Supported digital banking systems, hardware, and system maintenance.
- Assisted with software troubleshooting and IT documentation.
- Gained hands-on exposure to enterprise financial technology environments.

Customer Service Assistant – Equity Bank Uganda 2024

Kampala, Uganda

- Assisted clients with digital banking platforms, account verification, and inquiries.

Web Administrator – Kwiki Education Services 2026

kwiki-services.org • Kampala, Uganda

- Administered the organisation's WordPress website — content, structure, and media.
- Integrated an AI-powered assistant (Claude via MCP) for automated content management.
- Implemented custom CSS, JavaScript enhancements, and UI improvements.

CERTIFICATIONS & RESEARCH

Certificate of Competency & Research Contribution – Applied AI 2025

AI Software & Intelligent Systems Innovation Exhibition & Pitch Day

Applied AI Research

- Researched graph-based reasoning large vision models for Ugandan Sign Language translation in infectious disease screening.
- Presented findings to a panel of evaluators at the AI Innovation Exhibition & Pitch Day.
